

Thank you so much for all of the pictures! We have posted them for our students to view. I believe the application process for students to visit Fukue HS will begin after our December break. I'm hopeful that we will have several students interested in applying! Your visit in August sparked quite an interest. I've tried to gather a few pictures as well for you and your students to see what has been happening at PCHS! Basketball season is starting. These are skill challenges during practices.

Indiana teachers protesting at the statehouse in Indianapolis (not at our school!). 15,000+ attended to speak out on teacher pay, standardized testing, and teacher evaluation policies mandated by legislatures. First time this has happened in our state!

Students conducting a Veteran's Day Program for our community.

Our Marching Band performing at State level competition. We placed 9th in the state. Pep rally and bonfire to celebrate our band moving on to state finals and our football team moving on to the championship game as well!
